NOTESAYSWE MUST PUT PRESSURE ON ENGLAND

Germany Admits Right of Search and Seizure

ALLIES MUST CHANGE METHODS

Otherwise Germany Will Revoke Concessions and Return to Original Plan of Submarine Warfare.

Berlin, May 5.—The German note to America acquiesces in the contention of the right of search and seizure of both freight and passenger vessels, but it urges upon the United States the necessity of insisting that Great Britain change her illegal methods of warfare.

In case the United States is unable to bring about any change of method on the part of Great Britain then Germany will be forced to return to her original tactics in submarine warfare.

The concessions are made not only in the interests of humanity, but because of the long-standing friendship with the United States.

The note admits the possibility that the unknown channel steamer, sunk by a submarine was the Sussex, but pleads that the sinking of that vessel was due to error.

The note ironically calls attention to the fact that while the United States is only protecting against the illegal acts of Great Britain and the allies the American government is threatening Germany.

Washington, May 4.—Secretary Lansing announced late today that a dispatch from Ambassador Gerard contained indications of what the ambassador believed would constitute Germany's reply to the American note on submarine warfare.

Secretary Lansing declined to make public the dispatch or any part of its contents or to say what the indications were, but in spite of his refusal to discuss the dispatch it became known late today that in view of such information as has been received, officials of the government fear Germany has attached conditions to its reply that may make it impossible for the United States to continue diplomatic relations.

Berlin, via London, May 4.—Official announcement was made tonight that German reply to the latest American note on the submarine issue between the two governments will be made public at 8 o'clock tomorrow morning, Berlin time.

The note will be made public in both the original German and an official English translation. This translation comprises some 15,000 words. It will be sent to the United States, by wireless, for publication there, immediately after it is given out. It is roughly estimated that the transmission of so lengthy a document by the present wireless facilities will take from eight to twenty-four hours.

No inkling of the contents of the note has been allowed to become public here. The only basis for prophecies regarding the nature of the answer is the answer's length. It is argued as unlikely that a note of 15,000 words sent from one government to another is either an absolute refusal of that other government's demands or a complete acquiescence in them. It is presumed because of its length that the note discusses the situation and perhaps specific cases of alleged violations of international law by German submarines in detail.

The German reply was handed to Ambassador Gerard at the foreign office by Dr. von Jagow, the foreign minister at 5:35 o'clock yesterday afternoon.

Intense anxiety prevailed here throughout the day with regard to the effect which concessions may have upon the great masses of the people.

The American ambassador called at the foreign office at 5:35 o'clock.

Chancellor von Bethmann-Hollweg, Admiral von Holtzendorff, chief of the naval general staff, and Dr. Karl Helfferich, secretary of the treasury, returned to Berlin yesterday from army headquarters in the west where they had extended conferences with the Kaiser in connection with the German reply to President Wilson's note.

The Berlin stock market showed new optimism shortly before closing yesterday afternoon when it was learned that the note was to be dispatched to Washington.

The imperial chancellor is expected to address the budget committee with in a few days on the German reply.

MAY DAY DANCE

To be held at Library Hall, Saturday as Close of Season

Saturday, May 6.—At Library hall there will be held the May Day dance. This is the last of the series of dances to be carried out the same as are the St. Valentine and St. Patrick affairs which proved such fun. There will be punch for the thirsty, programs for the bashful ones, and good music for all. Dancing will begin at 8 o'clock and continue until 11, and several special features will be introduced as for instance a Virginia Reel, Serpentine, One Step etc. Come prepared to buy a basket of delicious home-made candy for the Benhiwatha Camp Fire Girls are going to have a booth and you won't be able to resist it. Twenty-five cents will be charged as before to defray expenses.

"IN OLD VERMONT"

Play to be repeated at Library Theatre Next Tuesday.

The Festival committee of the Public Welfare Association has received so many requests for repetition of the play "In Old Vermont" that it has seemed advisable to give the same program again and arrangements have been made for repeating it on Tuesday evening May 9th at the Library Theatre. It is planned to start at 8 o'clock sharp so that the play may be followed by an hour of dancing, making for the social affair of the occasion.

Seats will not be reserved and the admission will be 35 cents for the balcony and 50 cents for the main floor. Tickets are on sale at Mulligan & Roche's, Griswold's and Ritchie's stores.

BRITISH ARREST J. M. SULLIVAN IN DUBLIN

Tammany Leader Accused of Complicity in Revolt

EX-MINISTER TO SANTO DOMINGO

Had Been in Ireland Since Leaving Santo Domingo Following an Investigation.

London, May 5.—James M. Sullivan of New York, formerly American minister to Santo Domingo, has been arrested in Dublin on the charge of complicity in the Irish rebellion. Mr. Sullivan was arrested by the military authorities of Dublin on April 30.

"Mrs. Sullivan, who was with her husband, wrote on May 1 a letter which has just been received by Walter Hines Page, the American ambassador, who addressed a note to Sir Edward Grey, the foreign secretary, asking full information as to whether Mr. Sullivan was still in custody, the nature of the charges and how soon he would be tried.

"It is understood here that Mr. Sullivan has been in Ireland for a considerable time, having arrived there soon after the severance of his connection with the state department."

Mr. Sullivan sailed for Ireland last July two weeks before he was virtually asked to resign his post as United States minister to Santo Domingo. He expected to return last September, he said, but did not come back. Sullivan is Irish by birth. He was born in Killarney on January 6, 1873, and came to this country when a boy. He was brought up in Brooklyn. Later he went to Yale university and took up the profession of law, first practicing in Connecticut and then going to New York city. He was counsel for "Bald Jack" Rose in the Rosenthal murder case and later for political services, was appointed to the post in Santo Domingo.

A few weeks after taking office Sullivan was accused of favoring certain of his relatives in contracts. J. J. Franklin Fort, at the request of President Wilson, visited Santo Domingo and made a report on the situation, in which he said he believed the charges to be unfounded. Later, however, the charges took on a more serious turn, and Sullivan resigned his post two weeks before a subsequent report was to be made by Senator Phelan of California. He then returned to this country, and almost immediately sailed for Ireland.

WILL FILL BIG COAL ORDER

Detroit Dealer Buys 3,550 Carloads from Kentucky and Tennessee. Atlanta, Ga., May 4.—What is said to be the largest single order for coal ever placed south of the Ohio river for delivery in the north is announced. The order calls for 3,550 carloads of Straight creek coal, from the Kentucky and Tennessee fields. It means 141 train loads. The coal is being shipped to one retailer in Detroit, and the price is said to be ten cents a ton higher than the prevailing prices of last year.

WEATHER FORECAST

WILSON APPROVES SCOTT-OBREGON AGREEMENT

Washington Awaits Acceptance by Gen. Carranza

WILL THEN BE PUBLISHED

Understood that Punitive Expedition Will Not Make Further Progress Into Mexico.

El Paso, Tex., May 5.—Although there was no formal announcement of the action notification that the Scott-Obregon agreement is acceptable to the American government was telegraphed to Gen. Scott here late yesterday by Secretary Baker. Gen. Scott is authorized to exchange formal acceptances with Gen. Obregon as soon as the latter has obtained the approval of Gen. Carranza and officials at Washington are confident that will be today or tomorrow.

President Wilson issued this statement: "I have examined, with the secretary of war, the report made by Gen. Hugh L. Scott of the conference between him and Gen. Obregon, secretary of war of the republic of Mexico. The report includes a tentative agreement covering the future operations of both the American and Mexican military forces and evidences cordial co-operation between the two governments in their common purpose.

"As this agreement is being submitted to the de facto government of Mexico it would not be proper for me to permit its publication until that government has had an opportunity to examine and consider its provisions. The full text of the proposed agreement will be given out immediately upon its acceptance by both governments. In general, I may say that it provides a basis of cooperation which promises to prevent misunderstanding and strengthens the cordial relations of the two republics."

The limitations of the expedition under the agreement have not been disclosed. It is understood, however, that it will hold the present lines for the time being and not proceed to the south in any event. The best information at the war department as to the present location of the American forces shows that Gen. Pershing is at Nimitz, but that patrols are at work to the south of that place pursuing scattered bands of outlaws. Gen. Pershing's reports have acknowledged that the great majority of his command was inactive pending the outcome of the El Paso conference.

ROOT APPROVES

He Gives Sanction to Campaign to Nominate Him.

New York, May 5.—Formal announcement that Elihu Root has sanctioned the campaign being conducted in his behalf for the republican presidential nomination, was made here yesterday by former Congressman John W. Dwight, in charge of the Root headquarters in New York city. The statement was issued as a denial of reports that Mr. Root was not a candidate for the nomination. "The approval of these headquarters meets with the approval of Mr. Root," said Mr. Dwight. "These are national headquarters and not local. Their sole purpose is to bring about the nomination of Mr. Root."

VILLAGE BONDED DEBT TO BE WIPED OUT

Trustees Plan to Take Up Remaining \$5,000 This Year

SOME CORNERS MUST BE "CUT"

Chairman Ritchie of Finance Committee Presented Budget at Last Night's Meeting.

Considerable business was transacted at the adjourned monthly meeting of the village board of trustees last evening. Chairman Ritchie of the finance committee presented the budget for the coming year and the trustees laid out a campaign with the view of taking up during the year all of the bonded indebtedness of the village. To do this will mean strict economy in a number of directions and it is the intention of the trustees to "cut a few corners" during the next seven months.

President A. W. Braisted occupied the chair and Trustees North, Nash, McGurn, Morrissey, Ritchie, Burt and Harbour were present. Clerk Hogan and Corporation Attorney Bennett were also in attendance.

The Twin State Gas and Electric company was given permits to make extensions of the gas mains on Washington, Dewey and Putnam streets. The request of Mrs. John R. Burton for the construction of a concrete water course in the rear of her property on Elm street was referred to the sewer committee with power to act.

Building permits for houses were granted to Albert Gokey on Putnam street and W. H. Myers on Union street.

Charles Walker was given a permit to conduct a popcorn wagon in front of the Y. M. C. A. building provided no objections are made by the association.

The several requests for sewer extensions which have been made to the board recently were all referred to the sewer committee with power to act.

Perry B. Gardner made application for a sidewalk in front of his place of business on West Main street, stating that he would build the walk if reimbursed for one half of the expense by the village. The request was referred to the sidewalk committee with power to act.

The street committee was empowered to purchase oil for use on the streets.

It was voted that John W. Duff, contractor, be allowed to purchase the old stone crusher at 25 per cent of the cost of a new machine of the same size plus \$10 for loading.

It was voted that the monthly pay of the driver of the village team be \$60 with no allowances for lost time.

Several complaints have been made to individual trustees in relation to the use of the sidewalks by the children as roller skating parks. It was voted that the police enforce the by-laws relative to the use of the sidewalks.

Chairman North of the fire committee made a report relative to additional fire alarm service in the eastern section of the village. The committee was instructed to purchase a "mocking bird" whistle which will be installed at the H. E. Bradford company mill.

For the present the whistle will be released by the watchman and engineer at the mill but eventually the committee proposes to have the new alarm attached to the system so that it will work simultaneously with the bell in the tower of the Congregational church.

A letter was received from Superintendent E. E. Larrabee of the Twin State Gas and Electric company in relation to the transfer of the wires of the fire alarm system to new poles now being erected on Main street and the light committee was empowered to carry out Mr. Larrabee's suggestion. The police committee was empowered to purchase a "silent policeman" to be installed as nearly as possible in the center of Putnam square. The "silent policeman" is a signal for automobiles that is in use in many communities. It is surmounted by a red flag during the day and a red light at night. In other towns its use has been found to assist materially in the regulation of automobile traffic.

The clerk was instructed to draw his orders for the following bills:
E. E. Larrabee, lights \$483.33

DUCK POND PROVES UNAVAILABLE AS HATCHERY SITE

Water Contains Elements Detrimental to Young Trout

LOCATION WILL BE ABANDONED

Overflowing of Adjoining Land Believed to Have Been Cause of Trouble.

It has been found necessary to abandon the "Duck pond" in Arlington as a source of water supply for one of the proposed sub hatchery stations which State Fish and Game Commissioner John W. Titcomb is planning to establish at different points in the state. The warm weather of Saturday and Sunday raised the temperature of the water to such an extent and there has been so much mortality among the trout fry in the troughs that the commissioner decided to distribute the young fish in the streams as quickly as possible and "break camp" at the "Duck pond."

The news of the failure of the "Duck pond" to meet expectations will be received with genuine regret by sportsmen in this vicinity, for until the arrival of warm weather the reports from the experimental hatchery had been exceptionally encouraging. While no thorough investigation has yet been made at the pond, it is the general belief that the water from the springs is as good as any that can be found in the state. During the cold weather of last winter the temperature seldom varied more than one or two degrees and the quantity met all requirements.

The failure in the test is believed to have been due to the raising of the pond above its natural level. Overflowing of surrounding land which was covered with vegetation is believed to have contaminated the water sufficiently to make it uninhabitable by young fry. The land is so low that it was impossible to obtain a sufficient head to flow the water to the necessary height for the troughs without raising the level of the pond and a dam was erected at the outlet.

It will now be necessary to locate some other site for the sub-station from which to supply the trout waters in the southwestern section of the state.

B. H. S. BEATS TIBBETTS

Wins from Hoosick School by 6 to 5.

Yesterday afternoon the high school baseball team travelled to Hoosick where they defeated the Tibbetts school team in a close and exciting game by a score of 6 to 5. Bennington gained the lead early in the game and retained it throughout. The boys played almost an errorless game and their stick work was good.

Hicks caught for the high school team and Parsons pitched. Armstrong covered 3rd, Harwood second, Leaky 1st and Harris short-stop. Cummings, E. Hurt, and R. Hurt composed the outfield.

One of the features of the game was a three base hit by Parsons which scored Armstrong from 1st base. Harwood, Armstrong and Harris each made a two base hit while both Burts, Leaky and Cummings made singles.

This far the B. H. S. team has played four regular games and two practice games, the latter being played with older players from Williams college. In the four regular games which have been played B. H. S. has won three and lost one. This good record has been made possible by the liberal support of the towns people in that they willingly and generously contributed to the athletic treasury together with the expert instruction of coach Prindle.

Saturday B. H. S. will play the Rutland high school at Morgan Park. The game will be called at 3:30 and a good contest can be expected.

ACCIDENT IN POWER STATION

One Man Fatally Burned by Electricity at Hoosick Tunnel.

Hoosick Tunnel, Mass., May 5.—George Eaton and James Ryan, meter testers from Worcester, while at work in the power station here today came in contact with a wire carrying 11,000 volts. Both were badly burned and at the North Adams hospital, where the men were hurried, it was stated that Ryan had little, if any, chance to recover.

HEALTH OFFICERS' SCHOOL

Lectures by Famous Physicians from July 5 to 8.

Burlington, May 5.—The annual health officers' school, which will be held under the direction of the State board of health of Vermont at the high school building in this city from July 5 to July 8, inclusive, is expected to be one of the most interesting yet held in Vermont.

While the program has not yet been fully completed, some of the famous physicians who will be here to give lectures and instruction are Dr. Chas. J. Hatfield of New York, executive secretary of the National Association for the Study and Prevention of Tuberculosis; Dr. Eugene R. Kelley of Boston, director of the division of communicable diseases of the Massachusetts State board of health; Dr. Root W. Lovett of Boston, chief surgeon of the Children's hospital in that city. Dr. Lovett is the one who has conducted the clinics in this State under the direction of the State board of health and prescribed treatment for those who have been left maimed by infantile paralysis, and he will conduct another series of clinics over the State, holding the Burlington clinic at the same time as the health officers' school. The surgeon-general of the public health service at Washington will send an officer of that service to attend the school and give an address. This officer will probably be Dr. L. L. Lumsden, a well known specialist on rural sanitation and typhoid fever. Commissioner of Education Milo B. Hillegas will also be present. There will be addresses by numerous local health officers of the State.

PRINCIPAL MABREY HEADS COUNTY ASSOCIATION

Teachers' Convention Came to an End This Afternoon

135 MEMBERS IN ATTENDANCE

Audience of 300 Listens to Address by Rev. Arthur W. Hewitt of Plainfield.

"Things that Loom," the Home, the Church and the School, was the subject of the address by Rev. Arthur W. Hewitt at the high school hall last evening before the members of the Bennington County Educational Association.

One hundred and thirty-five members have attended the convention to date and there were local parents and friends interested in education present to bring the audience up to about 300. Mr. Hewitt was an interesting speaker and delivered an instructive address.

This morning the association elected the following officers for the ensuing year: President, F. D. Mabrey; vice-president, F. E. Sawyer of Readsboro; secretary-treasurer, D. L. Judd. Other business was transacted of minor importance. The name of the association was not changed, as proposed.

The convention came to a close this afternoon with the following program: Music Song by Miss Welch's division of Seventh Grade.

Address: The Teacher and Correct Means; Charles A. Adams, Principal, Castleton Normal School. The program in the Rural School, Supt. Clarence E. Michels. Methods in Arithmetic, Miss Mary A. Murphy, Castleton Normal School. Mechanical Speed and Accuracy and the Development of the Reasoning Power, Supt. Nathaniel N. Love. Discussion, led by Delbert L. Judd. Speed Work by several teams from various grades.

The Status of Algebra, Prin. James Brooks, Burr and Burton Seminary. Discussion.

Of those who attended the following registered: Miss Marjorie Peckham and Miss Myrtle A. Gardner of North Pownal; Miss Avis R. Myers of Pownal; Center; Mrs. E. L. Whitney, East Dorset; J. D. Whittier, South Shaftsbury; Miss Mary E. Corcoran, Miss Alice Young, Miss Frances Killian, Miss Clara Monahan, North Bennington. Mrs. Eva Hunter of Old Bennington; Harry L. Toomey, South Arlington. DARE DEVIL JACK SKATES INTO LAW'S TOILS

Edward Slocum Is Charged With Theft of Jewelry

CLEVER WORK BY CHIEF BRAZIL

Had Been Roller Skating on Streets For Harte Theatre—Caught in North Bennington in Getaway.

Quick work on the part of Chief Patrick Brazil succeeded in preventing Edward Slocum from departing for parts unknown Thursday afternoon with jewelry alleged to belong to Mrs. Charles Palmer of Park street.

Slocum is the young man who for the past few days has been performing on Bennington streets on roller skates in make-up, advertising the Harte theater. He had been boarding at the American house and also visiting his aunt, Mrs. Charles Palmer.

The capture was made in North Bennington while Slocum was awaiting a train to take him to Rutland. Mr. Palmer, returning home between four and five o'clock Thursday afternoon, discovered the house had been broken into and rifled and notified Chief Brazil.

Chief Brazil went to the American house where Slocum had been staying and found that Slocum had paid his bill there a few minutes before and left, saying he was to take the next trolley for North Adams. Phone warning to look out for the man was sent to the North Adams police and also the station in North Bennington. In a few minutes the station agent at the latter place reported that a man answering Slocum's description had just alighted from the trolley car and was apparently waiting for someone in the station. Chief Brazil took the next trolley for North Bennington and by circling around the building instead of coming straight up the hill where his man could see him, succeeded in bagging Slocum as he was leaving by the second door from the station waiting room.

Slocum, who styled himself "Dare Devil Jack, the champion roller-skater of the world," is also charged with appropriating two revolvers in addition to the jewelry, one of which was discovered on him at the time he was taken. At first Slocum protested his guilt but the name "Dare-Devil Jack" on the end of his suitcase gave him away and he accompanied Chief Brazil back without any trouble.

Officer Hurley afterward investigated the contents of his suitcase and filled a good-sized box with the loot which Slocum is charged with taking from his relative's home. The young man was given lodging under the clock for the night and a hearing was held this afternoon in Judge Holden's office which had not been concluded at a late hour this afternoon.
